# Annual Statement of Revenue Policy

In accordance with the provisions of Section 404 of the Local Government Act 1993 the following report outlines Bathurst Regional Council's Revenue Policy for the 2020/2021 year.

The report contains:

## PART A - RATES

A statement with respect to each ordinary rate proposed to be levied.

## PART B - CHARGES

A statement with respect to each charge proposed to be levied.

## PART C - PRICING POLICY

A statement of the Council's pricing policy with respect to the goods and services provided by it.

## PART D - FEES AND CHARGES SCHEDULE

A statement of the types and categories of fees proposed to be charged by the Council and the amounts of each such fee.

The Fees & Charges schedule has been prepared using the best available information in relation to the GST impact on the fees and charges at the time of publication. However, there are still a number of fees and charges for which Council is not presently able to confirm the GST status. Accordingly, if a fee that is shown as being subject to GST is subsequently proven not to be GST, then that fee will be amended by reducing the GST to nil. Conversely, if Council is advised that a fee which is shown as being not subject to GST becomes subject to GST then the fee will be increased but only to the extent of the applicable GST.

## PART E - BORROWINGS

A statement of the amounts of any proposed borrowings (other than internal borrowing), the sources from which they are proposed to be borrowed, and the means by which they are proposed to be secured.

## PART F - INVESTMENTS

A statement of Council's policy in respect of investments.

## PART G - OTHER MATTERS

## PART H - COUNCILLOR REMUNERATION

# Part A - Rates

## GENERAL PRINCIPLE

For the rating year 2020/2021 Council has adopted a rating structure which, in complying with the Local Government Act, 1993, maintains the equities of the present structure.

## 2020/2021 RATING STRUCTURE

Actual figures may change slightly depending upon the Valuer General's Department valuations at the adoption of the rate.

# Part C - Pricing Policy

## 1. POLICY STATEMENT

Council's pricing policy aims to be equitable by recognising people's ability to pay and balancing expectation that some services will be cross-subsidised for the common good of the community.

## 2. STRATEGIC GOALS

- 2.1 To explore all cost effective opportunities to maximise Council's revenue base.
- 2.2 To ensure consumer's value for money by providing effective and efficient service.
- 2.3 To balance the dependence on rates and grants against other funding sources.
- 2.4 To manage financial risk in a volatile economic climate.
- 2.5 To provide integrated and coordinated services which assist all sections of the community in line with Council's corporate goals.
- 2.6 To develop pricing structures that can be administered simply and inexpensively and be easily understood by the public, and in so doing, recognising that aiming at simplicity can sometimes lead to minor inequities.

## 3. PRICING POLICY PRINCIPLES

### Category 1 - Full Cost Recovery

Recovery of all direct and indirect costs associated with providing a service, including in some cases, making provision for future capital expenditure.

### Category 2 - Partial Cost Recovery

Subsidised operations which are of benefit to the community as a whole, and undertaken voluntarily by Council or as a requirement of the Act.

### Category 3 - Market Pricing

When Council provides a similar service 'in competition' with other councils or agencies, e.g. saleyard fees, hall hire, etc, where alternative service providers are available. This category also includes prescribed or recommended fees.

Council will not use subsidies to aggressively price others out of the market or compete unfairly.

### Category 4 - Disincentive Pricing

Where Council sets a fee structure:

- (i) For non-core activities to encourage customers to seek alternative service providers to provide the service. This applies to activities where Council would prefer not to provide the service in the long term.
- (ii) To encourage people to 'do the right thing' e.g., a scaled tariff that rewards low water consumers, library fines, etc.

### Category 5 - Sewerage Service Pricing

- (i) Follows the NSW Office of Water Best Practice Pricing Guideline and is a combination of uniform annual charges, access and usage charges.
- (ii) Collects revenue to fund the sewerage system from ratepayers who actually benefit from availability or use of Council's sewerage system.
- (iii) Ensures Council derives sufficient income to operate the sewerage system and provide for future capital expenditure and debt servicing.
- (iv) Sends appropriate pricing signals, can be administered relatively simply and inexpensively and can be understood by the public.
- (v) No subsidisation between residential and non-residential categories.

### Category 6 - Water Supply Service Pricing

- (i) Is based on income gained from 25% of service charges and 75% of usage charges from residential customers, in accordance with the Best Practice Management of Water supply and Sewerage Guidelines issued by the NSW Office of Water August 2007.
- (ii) Collects revenue to fund the water supply system from the people who actually benefit from availability or use of Council's water supply.
- (iii) Ensures Council derives sufficient income to operate the water supply system, irrespective of seasonal fluctuations and provides for capital and debt servicing.
- (iv) Assists in the deferment of capital works.
- (v) Does not impede Council's commitment to greening the district.
- (vi) Can be administered simply and cheaply and be easily understood by the public.

### Category 7 - Section 7.11 Contributions Pricing.

To ensure Section 7.11 contributions reflect the costs incurred in providing community facilities/services, open space and recreational facilities, required to meet the additional needs of the community created by new development and in doing so, ensure the local amenity does not diminish.

### Category 8 - Set By Statute or Government Department.

Certain fees and charges are set by Regulation, by Ministerial approval or by State or Federal Government pricing policy.
