For more information contact
Bathurst Regional Council on 02 6332 9111
or visit www.epa.nsw.gov.au/recyclingcentres

Visit your Community Recycling Centre today and help build a healthy environment for our future.

Not all household waste can be put in your kerbside bins. Community Recycling Centres offer a **FREE** and **EASY** solution for the disposal of household problem waste such as paints, gas bottles, motor oils, batteries, smoke detectors and fluorescent globes and tubes.

Many of these materials can be reused and recycled if processed correctly. Recycling helps our environment because it saves water, energy and natural resources.

How to recycle other household items:

Visit www.cleanout.com.au to find your nearest CleanOut event to safely dispose of your **household chemicals**.

Return unwanted or out-dated **medicine** to your local pharmacy for safe disposal.

Recycle old **mobile phones**, batteries, chargers and other accessories in the special container at the Bathurst Waste Management Centre or the Council Civic Centre at 158 Russell St Bathurst.

Drop off your used **printer cartridges** at participating Australia Post, Officeworks, Harvey Norman and Dick Smith Electronics stores.

All types of **E-Waste** including computers, TV's and DVD's, gaming consoles, music devices and 2 accessories or cables can all be taken to the Bathurst Waste Management Centre and placed in the specially marked E-Waste bays. Fees and charges apply.

To learn about **green cleaning** in your own home visit www.safersolutions.org.au

Businesses are not eligible to use the Community Recycling Centres. Visit businessrecycling.com.au to find out how to recycle your business waste.
