Draft Bathurst Regional Development Control Plan Amendment - Vegetation SEPP

In 2018, new land management and biodiversity conservation reforms commenced in NSW. This introduced some significant changes to the way biodiversity is protected in NSW and how vegetation clearing is managed including the introduction of the State Environmental Planning Policy (Vegetation in Non-Rural Areas) 2017 (the ‘Vegetation SEPP’). The Vegetation SEPP now regulates the clearing of vegetation on village, rural residential, environmental and other urban zones across the State. This proposed amendment to the DCP will specify the vegetation which is to be protected in non-rural zones and heritage conservation zones and provides protection to trees listed as heritage items and for which approval may be required for the clearing of vegetation.

The draft DCP Amendment is on exhibition from 8 April 2019 to 13 May 2019. Submissions must be received before close of business on 13 May 2019.

Details of the controls are available for download from Council’s website http://yoursay.bathurst.nsw.gov.au/veg

You are invited to inspect the draft provisions and may make a submission in writing to Bathurst Regional Council. Any submissions that you make may include without alteration (including names and addresses) in reports that are available to the public in the Council business papers. Council will consider all submissions made to it, but to influence the Council’s decision, any submission you make must be relevant and well founded.

If you have any queries, please contact Council’s Environmental Planning and Building Services Department on 02 6333 6211.

Heritage Assistance Grant Funds

Applications are now invited for small grants, under Section 356 of the Local Government Act 1993, for the following funds:

The Bathurst Region Heritage Fund provides small grants for the repair and maintenance of older buildings in the region. The program is supported by the NSW Heritage Branch of the Office of Environment and Heritage.

The Bathurst CBD Main Street Improvement Fund provides small grants to assist property owners and tenants to improve, repair and maintain buildings within the Bathurst CBD.

The Bathurst Region Interpretation Fund provides small grants for the preparation of Conservation Management Plans, historic publications and interpretation projects to promote and interpret the region’s history.

Applications for funding must be made on Council’s application form which is available on Council’s website http://www.bathurst.nsw.gov.au or from Council’s Environmental Planning and Building Services Department, Civic Centre, Russell Street, Bathurst. The closing date for applications is 31 May 2019.

Further information can be obtained by contacting Council’s Strategic Planning Section, on 6333 6211.
