Smart Community Strategy

The Bathurst Smart Community Strategy is a five-year plan that will formalise Council’s objective for the Bathurst region to become a Smart Community, one where technology, data and people are used to drive economic activity, improve connectivity, meet the changing needs of the community, accelerate innovation and better manage resources, energy and services.

Further information and background is available on Council’s YourSay website https://yoursay.bathurst.nsw.gov.au/smartcommunity.

The Strategy has been placed on public exhibition from 20 September to 18 October 2019. You can inspect the document at Council’s Civic Centre, between 8:30 am and 4:45pm Monday to Friday (public holidays excepted). Council invites written submissions with respect to the Smart Community Strategy. Submissions need to be lodged with Council by 4.45pm on 18 October 2019 and be relevant and well founded and include your name and address.

Any submissions that you make may be included without alteration (including names and addresses) in reports that are available to the public in the Council business papers.

Community Planting Days

The ‘Rehabilitation of the Macquarie River Riparian Corridor’ project is in full swing with native trees and shrubs already planted along the Macquarie River.

Council is aiming to plant 1500 trees by December 2019. But your help is needed!

Join us at our Community Planting Day on Saturday 28 September 2019, commencing at 10.00am at Baillie Street Open Space (Cnr Havannah Street and Sydney Road-Kendall Ave).

For further information please contact Bill Josh on 0428 386 549 or Kristie Kearney (Environmental Programs Coordinator) on (02) 6333 6285 or council@bathurst.nsw.gov.au.

Household Chemical CleanOut

Residents will have the opportunity to CleanOut any old household only waste on Friday 25 October 2019 at Cooke Hockey Complex, Sydney Road, between the hours of 8.00am - 4.00pm.

This is a NSW EPA Waste Less, Recycle More initiative. For more information on what can be disposed of and quantities please visit www.epa.nsw.gov.au.
