Blue-green algae Red Alert for Chifley Dam
A Red Alert warning (high alert) has been issued for blue-green algae at Chifley Dam. A Red Alert level warning indicates that people should not undertake recreational activities at Chifley Dam where they may come into direct contact with the water, such as swimming, as well as domestic use including showering and washing. Contact with the water may also pose a threat to livestock and pets. Chifley Dam is closed for all water related activities.
The alert does not impact on the town water supply.
